LEAF TOBACCO MARKET.

Good Deliveries Yesterday But Quality Nothing to Brag of.

Quality Nothing to Drag Ot.

The sales of leaf tobacco at the Tobacco Exchange started off yesterday morning with good deliveries, but with tobaccos that were not anything to brag of in the matter of quality. The 225 packages that were sampled and sold on the Exchange were of the lower grades in the main and sold low. There were very few wrappers on the market, not enough to create any animation. The few packages that did show up were small and not of the best grades. Wrappers are the only goods that did show up were small and not of the best grades. THE STAMP OF TRUTH

Richmond Residents Know it Well

There is the stamp of truth on a statement endersed by people we know, by friends and neighbors. The following experience of a Richmond citizen is but one case of scores right here at home.

J. W. Blanton, wholesale grocer, of 1809 East Cary Street, says: "When a man has persistently and consistently tried atandard remedies all guaranteed to stop aching across the small of his back, when he has exhausted all his knowledge of medicine acquired by reading and tried every make-shift which his friends and acquaintances advised, and still that aching clings to him he very naturally recommends the means he at last used which brought relief, particularly so if the attacks of an aching back have stretched over a period of years. When I say that I am pleased with the results I obtained from the use of Doan's Kidney Pills, procured at Owens & Minors' drug store, I very feebly express the facts. I have on several occasions advised the use of Doan's Kidney Pills."

There is also a cafe attached to the hotel. Those preferring to do so can have their lunch baskets, and these will be taken care of for them. Boating, fishing and bathing are some of the attractions to be had. The manoeuvres of the white squadron can also be seen at this time.

Big Sum for Missions.

The annual collection for missionary purposes was taken at Seventh Street Christian Sunday school last Sunday morning. The annuant raised was \$532, the largest sum taken by the school. The floral decorations were pretty and an excellent programme was successfully carried out, for which the school is indebted to Mrs. R. H. Stoltz, and her excellent committee.

The school has only about three hundred members, so it will readily be seen that there was an average of nearly \$2\$ per member.

The Produce Market.

The Produce Market.

Receipts of country produce on Cary Street and the corners thereabouts were fairly large yesterday, and there was noticeable greater variety in the displays of vegetables. More truck is coming in from near-by points and fruits are more numerous. Spring chickens are coming in very freely now, and prices have gotten down to reason. Egga are also much cheaper than they were a few weeks ago for the double reason that the supply is larger and the demand not so active.

The demand for produce generally was active yesterday and the indications are that it will be all the week and business promises to keep good.

JUDGESHIP HANGS IN THE BALANCE

Issue Between Sears and Stubbs is An Issue Involving the Bench.

the Bench.

One of the most interesting Legislative contests in the State is that for the nomination for State Senator from the district comprising the counties of Essex, Middlesex, Gloucester, Mathews and King and Queen, the Thirty-ninth District. The opposing candidates are the incumbent, Hon. J. Boyd Sears, of Mathews, and ex-Senator James N. Stubbs, of Gloucester, now a member of the House of Delegates. Mr. Stubbs is a veteran legislator, who has served in both houses, and is said to be especially strong with the oyster interests. Mr. Sears is one of the younger members of Sears is one of the younger members o

the Senate, but has made a high rec Additional interest attaches to the contest by reason of the fact that it is believed that a circuit judgeship nomination depends on the result. Judge G. T. Garnett, of the Thirteenth Circuit, is from Mathews county and is one who drew a short term. He will be a candidate for re-election to a long term. Hon Claggett B. Jones, of King and Queen county, who contested for the judgeship with Judge Garnett two years ago, is again a candidate.

Mr. Sears is for Judge Garnett for re-election, while Mr. Stubbs is understood to favor Mr. Jones. The fight between the two judgeship candidates was a close and uncertain one two years ago, but was conducted on a high plane. Ms. Jones believes that he can now win, and in any event, he is making a contest. If Mr. Sears be defeated, the vote of the Senator from Judge Garnett's district will, it is said, be for his opponent.

Mr. P. E. Lipscomb, of King and Queen county, yesterday expressed the belief that Mr. Stubbs would carry that county. It is claimed by Mr. Stubbs's supporters that he will also carry Gloucester, and that he has a fine prospect of carrying Mathews also. That would leave Essex and Middlesex as the battleground. Mr. Sears's friends, however, are confident that he will be elected. Additional interest attaches to the con
